

## **Future Development in the Parish?**

For the next phase of the Neighbourhood Plan, we are undertaking a more detailed survey of residents' views on planning within Pucklechurch Parish.

This will include taking account of South Gloucestershire Council letting us know how many new homes will be allocated to Pucklechurch and Shortwood. The Pucklechurch Parish Neighbourhood Plan will help guide what gets built and where as well as a range of other issues.

This survey will collect your views about future planning in the parish and shape the policies in the Neighbourhood Plan. It is vital that we obtain the views of a large proportion of parish residents to take the survey.

Take this opportunity to have a say in the future of your community!
